Shoren:

EPA is working on its response to the Gov's letter as well. What is the timeframe for the various response letters that you are aware of?

Thank you for sending me this - we got it from the Governor's DC office last week. Just so you know - the tribes and BBNC were pretty offended that the Governor sent this letter without consulting them at all. If you guys are looking for a point by point on why the arguments contained in the letter are either not appropriate or not factually correct - a number of groups are working on response letters that they plan to send to Lisa Jackson's office. I'll be sure to pass those along when they go out.
